Unauthorized and Restricted Activities: The BSA's general liability policy provides coverage for bodily injury or property damage that is made and arises out of an official Scouting activity as defined by the *Guide to Safe Scouting*. Volunteers, units, chartered organizations, and local councils that engage in unauthorized activities are jeopardizing their insurance coverage. PLEASE DO NOT PUT YOURSELF AT RISK.

INSURANCE

All vehicles MUST be covered by a liability and property damage insurance policy. The amount of this coverage must meet or exceed the insurance requirement of the state in which the vehicle is licensed and comply with or exceed the requirements of the country of destination for travel outside the United States. It is recommended, however, that coverage limits are at least $50,000/$100,000/$50,000 or $100,000 combined single limit. Any vehicle designed to carry 10 or more passengers is required to have limits of $100,000/$500,000/$100,000 or $500,000 combined single limit. In the case of rented vehicles the requirement of coverage limits can be met by combining the limits of personal coverage carried by the driver with coverage carried by the owner of the rented vehicle.

KIND, YEAR, AND MAKE OF VEHICLE	NUMBER OF SAFETY BELTS	OWNER'S NAME	VALID DRIVER'S LICENSE (Y or N)	All vehicles used in travel outside the United States must carry a public liability and property damage liability insurance policy that complies with or exceeds the requirements of that country. Attach an additional page if more space is required.	LIABILITY INSURANCE COVERAGE

					$	$	$

If the vehicle to be used is designed to carry more than 15 people (including the driver), the driver must have a valid commercial driver's license (CDL). In some states (California, for example), this policy applies to drivers of vehicles designed to carry 10 or more people.

The tour plan is an important tool for conducting local, national, or international activities and is a checklist for best practices to be prepared for safe and fun adventure. Completing the tour plan may not address all possible challenges but can help to ensure that appropriate planning has been conducted, that qualified and trained leadership is in place, and that the right equipment is available for the adventure. In addition, the plan helps to organize safe and appropriate transportation to and from an event, and defines driver qualifications and minimum limits of insurance coverage for drivers and vehicles used to transport participants.

Times when a tour plan must be submitted for council review include:

- Trips of 500 miles or more
- Trips outside of council borders not to a council-owned property
- Trips to any national high-adventure base, national Scout jamboree, National Order of the Arrow Conference, or regionally sponsored event
- When conducting the following activities outside of council or district events:
  - Aquatics activities (swimming, boating, floating, scuba, etc.)
  - Climbing and rappelling
  - Orientation flights (process flying permit)
  - Shooting sports
  - Any activities involving motorized vehicles as part of the program (snowmobiles, boating, etc.)
- At a council's request

Please complete and submit this plan at least 21 days in advance to ensure your council has enough time to review the plan and assist you in updating the plan if it is found defective. When review is complete, the second half of the plan is returned to you to carry on your travels. You are strongly encouraged to file these plans electronically through MyScouting.
